The wheel is formed with curved floats the

which is curling so far around the Wheel
when the water arrives at the jet its pressu

ide Wheel The Wheel is inclosed in a
ral wooden curb or flume, in which the wate
at its full head, the column being sustained
stationary plate underneath the Wheel, s
has no downward pressure upon the Wheel,
h stands perfectly free in the column of water,
by this arrangement all the friction on the ste
bearing of the Wheel is avoided, and so much
power saved which in the ordinary mode of ap
on is wholly lost
This Wheel is adapted to low as well as hig

n point of power the trials show conclusively
this Wheel is superior to the best constructed

good effect in situations where the flood

much less in the outlay, as much more durable,
takes very much less room in a mill or shop—
plicity of structure, durability of parts, correct

grand points of recommendation for this Wheel

NEVER DESPAIR OF LIFE!
KELLEY & CO'S
HIGHLY CONCENTRATED
SARSAPARILLA
Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives
Annually!!

10,000 CASES
OF SCROFULA cured by it this year and 5,000 Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished This is the only medicine known to cure these diseases

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use It is put into the Bottle in FULL STRENGTH and power, without reducing it, and this is done for the special benefit of those who use it, as it is objected to all other Sarsaparillas that they are Weak, Chymsy, Adulterated, Sickish, and are wholly incapable of reaching the seat and cause of the disease But this Sarsaparilla comes warranted to be

Six Times Stronger
than any other and Six Times Better Safer, Surer and Cheaper than all others *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do. It Cures
Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from Impure Blood

CONSUMPTION CURED WITH
KELLEY & CO'S SARSAPARILLA!
A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CURED a case of **Consumption** with Kelley & Co's Sarsaparilla, and says that there is no medicine in which he has so much confidence for **Diseases of the Lungs.** Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities And says

SIR BENJAMIN BRODIE,
Surgeon to the Royal Family of England "that there is no other medicine which is CAPABLE of doing so MUCH GOOD, and yet so INCAPABLE of doing injury." What distinguished compliment are these! Never was there a medicine honored with STRONGER RECOMMENDATIONS Its CURES when every thing else has failed in person

Severest Scrofula and Humors,
where the flesh falls off the bones—the bones are diseased and the DARKEST DEATH seems ready to snatch the sufferer And the reason for this is that it makes the **BLOOD** perfectly Pure, Rich Healthy, Quick Free Nutritious It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is so Olden and Painful, Strength wasting Appetite gone, Pulse weak or Feverish, Skin yellow Nerves deranged, Restore Health, Strength, and Vigor, to every disordered function of the System—causing them to move on just as Nature requires And for it WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age.
The great secret of all its triumphant success over all other Sarsaparillas is, that it does not tamper with the patient, by probing his sufferings But it first attacks the disease and stops it, then removes it, then brings up the flesh and strength on a perfect pure Blood so that the cure is always thorough and permanent Otherwise scatter or bathe the disease, but it EXTIRPATES it wholly from the system—this saves the patient safe while others endanger it The whole Body is made so healthy by the use of this GIANT MEDICINE the System sonorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant that **Medical Colleges, Professors,** and Physicians always prefer it for the sake of its Superiority Try it If you who are seeking the PRICELESS BLESSINGS OF HEALTH

Ladies, Married and Unmarried
It is for you especially, that this Sarsaparilla is made, as the "HEALING ART" has been tasked to the utmost to have it exactly suited to **FEMALE COMPLAINTS.** These Complaints have never been cured so far as they ought, hence it is that all the medicines which are used with the hope and Cure are so variable and entirely fail But this Sarsaparilla has the **SPECIAL** ability, to cure every Disease Affection, or Pain, which come under this head It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles
Manufactured by

Messrs Fobs & Grant, Gentlemen—I herewith transmit to you, by express for the benefit of those who may be in want of the article
I hereby certify that one of my best horses in the winter of 1846-7, became affected with the heaves in the most aggravated form—so much so as to render him worthless for him During the spring I read of the unparalleled popularity of Dillow's Heave Cure, I purchased one package of it, gave it to him, and it entirely removed the disease From that time to the present he has been in perfectly sound condition

UNIVERSAL CONDITION MEDICINE
Read the following song of a eminent Boston Lawyer
Dover January 29 1848
Messrs Fobs & Grant Gentlemen—At the request of your Agents here I send you my own name for the benefit of Dillow's Heave Cure *Universal Condition Medicine*, as well as an sure cure for the Heaves and all diseases arising from an affection of the throat tubes, parotic and sub maxillary glands and the lungs, and also from its general and active properties I recommend it to the public as a medicine extant, for Coughs, Colds, Chronic Founder Dropsy in the Skin and Chest, Fever Pleurisy, Lung Fever, Rheumatic Inflammation of the kidneys and Mucous Membranes and Scrofula in all its forms in short I consider it to be a vegetable compound which operates on the animal economy in the same manner that Yellow Dock and Sassafras do on the human system and I call it a Universal Condition Medicine for the reason that it is to the fact that nine tenths of the stock diseases are contracted through, and kept during the Monthly Season at time of changing the hair, which takes place during this most important season of the whole year in which time it is more exposed to the causes of the above diseases and to guard against which Dillow's Heave Cure is the most certain remedy *one dollar a one dollars* to any person who will prove it to the contrary. DR. CUMMINGS'S
Compound Extract of Sarsaparilla and Dock.
THE articles above named are the principal ingredients of this medicine With these organs of vegetable origin are combined, designed to render them more active and consequently more immediately effective
The Dock or rather a species of it now ranks as a medicinal plant second to no one of the vegetable kingdom With the aid of a distinguished chemist whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time
For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them Results the concerned the idea of uniting them which has resulted in the production of the compound In this the ingredients are found to act in harmony one to the other, none of the qualities which they separately possess
A larger portion of Sarsaparilla is soluble than has generally been supposed The extract most to be relied on and least liable to decomposition is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time, without heat or any other accelerating agent None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation
The Compound is recommended for Scrofulous Eruptions, Ulcerous affections Eruptions, and Mercurial diseases Also for the numerous maladies arising from sedentary employments occupations or a harassing and fatiguing nature, Intense applications, exposures to extremes of heat and cold overtasking the physical powers and other abuses of the constitution among which are Neuralgia, Piles, Affection of the Liver, Bilious Complaints and Dyspepsia or Indigestion
In diseases of warm climates, with which the proprietor became familiar he has practised in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and a preventative
This medicine has been for some time in use this city, where the proprietor has passed nearly half a century of his professional life It was written newly prescribed by him while in practice and it is believed to be in favor with his medical brethren in general to whom he is known

The Great Remedy for Gonorrhœa
GLEET, Stricture and all analagous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known, having practiced in the principal cities in the Union, during the last 10 years His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.
Dr D most solemnly affirms, that during his practice of forty years, the Paste has never, in one single instance, failed of effecting a cure in a few days, without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days, the angry symptoms disappeared and the patients were discharged, entirely cured
If the unfortunate, instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emaciated bodies and sallow countenances as we do at the present time.
In case the Paste should fail to effect a cure in the shortest possible time, in times the price paid for it will be given the purchasers on returning the empty boxes
For sale only by the original inventor and sole proprietor, Dr PETER G. DOUGLASS, at his Office, No 55 Union street, Boston, at $5 per box where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

Election—This Day.

LET no Whig be recreant to-day Let every Whig be at the polls in season, so that BANGOR shall utter her voice to cheer and gladden our friends elsewhere and every where in this State and the Union Our candidates for State, Congress, County and the City, are each and all worthy of all high and honorable exertion to secure their election

As to our candidates for the State Legislature, they are too well and favorably known to need any encomium of ours MOSES L APPLETON, Esq has a ways been a most faithful and efficient Whig and possessing every qualification and talent necessary for the discharge of the duties of a Representative from this city He will be triumphantly elected

WILLIAM PAINE, Esq has had great experience in legislation—has very ably represented this city for many years past in succession, and the Whigs in Bangor too highly appreciate his services to fail to give him a most hearty and successful vote

REMEMBER, that the right of suffrage belongs only to FREEMEN—A right and privilege we hope that IRELAND will one day claim—that FRANCE has but now passed through a revolution to obtain—that if once exercised throughout Europe, it would crumble monarchy to ruins—vote them to day manfully and cheerfully.

THERE ARE four candidates for Representative to Congress in this District, and the one having the highest number of votes will be elected ISRAEL WASHBURN Jr, is the true, peoples candidate He is true on the Free Soil question, and will nobly represent the interests of the people A steady persevering pull, *a pull all together*, will elect him.

ATTENTION!

We trust every Whig will be at the polls early, and not leave until the whole *Whig* strength is his ward, has done its duty to-day

READ!!!

That the polls open to day at nine o'clock instead of ten as heretofore. All who leave in the Boats must vote early.

VICE PRESIDENT,

The Sun has never sets.

The old FOX of Kinderhook took all his geese to this State, from the rookery o the Cass party but the intelligent Whigs of Maine have this to say to-day—

The whig ticket—the whole ticket.

☞ At a convention of the Whigs of Orleans county, N Y, Dect Paine, Chairman of the Central Corresponding Committee, read the following Letter from Gov Seward, which the American says, "was greatly applauded —

AUBURN, August 21st, 1848

DEAR SIR,—I am profoundly grateful to the Central Committee of Orleans County for the expressions of respect and esteem with which they urge me to accept their invitation to the Council they are to hold at Albion for the purpose of considering the Whig National Nomination

I have sunk into professional enlivement so deeply that I scarcely retain an abiding place at home, and I am unable to observe punctuality in my correspondence These circumstances must plead my apology, not only for my delay in answering the invitation, but also for my declining to accept it

The party which is now administering the Federal Government is a party of inaction in regard to Education, Indian ry, Internal Improvements, mechanism and Emancipation It is their creed that the danger of abuse of the powers of government is greater than the benefits of their paternal exercise—that the constitutional capacity of the government for beneficent action is very limited, and that the most benign and salutary function of the Executive, is to defeat, and thus impair the Legislative authority At the same time they are ambitious of military renown, and reckless in territorial aggrandizement by fraud and vice

In my judgment the type of Democracy should be Peace, Moderation, Enfranchisement and Beneficence No one is less apt to exaggerate the merits of the Whig party in regard to these principles than I, who so constantly endeavor to stimulate it to greater enterprises But after charging it with all the unfaithfulness of which it can justly be accused, it still stands before the country and the world, the American party, eminently devoted to the great interests of humanity

No member of the party is accountable for the selection of its candidates, further than he may have acted or refrained from acting in their selection When the selection has been made, all that remains is to decide whether the party still deserves his support in preference to its adversary. We cannot withhold our support without endangering the present success and the ultimate usefulness of the Whig party If it be defeated, the policy of the present Administration will prevail, not only now, but for an indefinite period No Whig thinks for one moment of voting for the candidates of the Baltimore Convention, but we are tempted to cast our suffrages for the third party Is the third party more pure, or more devoted to Human Liberty now, under the lead of Martin Van Buren, than it was four years ago, under the banner of James G Birney? I confess I think it less so, for the life and conversation of Mr Birney illustrated the unique and the enthusiastic benevolence of the Liberty Party Is the third party more likely to succeed now than it was then? I see no reason to expect that it can secure the electoral votes of any State in the Union I honor Mr Van Buren and his associates for their secession from a party which is false to freedom But I regret their error in falling into the ranks of a third party, whose services in the cause of Human Freedom are counteracted and nearly balanced by their error of indirectly giving strength and power to the great Slavery party of the Country Every Whig vote cast for the third party is only a negative, a protest, against the Slavery party Real friends of Emancipation must not be content with protests They must act—act wisely and efficiently

For myself, I shall cast my suffrage for GEN TAYLOR and for MILLARD FILLMORE, freely and unexceptionably, on precisely the same grounds on which I have hitherto voted for Whig Candidates, because they are commended to me by the Whig party, and their success is necessary for its continued and increasing usefulness In the name and character of the latter we have every guaranty that a Whig can desire In the moderation of the other and his resolve to administer the government as the President of the whole people, not for mere partizan ends I recognize claims to public confidence, which I have no fear will ever be disappointed

I am,
Very Respectfully,
Your ob't servant,
WILLIAM H SEWARD
SAMUEL C PAINE, Esq Chairman, &c

King and Court—A Picture for the People.

The Philadelphia News, which by the way is one of the best daily papers of the penny kind published in the United States publishes the following letter addressed to Gen Cass by Commodore Elliot when about making the tour of the Mediterranean Sea We should judge from the manner in which Commodore Elliot writes that Gen Cass' tastes were extremely well perfected in his magnificent apartments at Paris" Our first minister at Paris, Dr Franklin would hardly have dreamed of such luxuries as Commodore Elliot speaks of If we recollect right, the Dr's taste was quite plain and he was a sturdy republican enough to let the King and Court of France understand its character

U S SHIP CONSTITUTION,
Bay of Gibraltar, July 23th 1848

Your letter of the 13th has been duly received, and I feel happy that you contemplate entering with your family the interesting expedition you before alluded to in your favor of Oct 1, from Washington The accommodations on board the Constitution, such as they are, are freely at your service You will not expect the elegance of your magnificent apartments at Paris, but that you will easily dispense with, when you reflect that a man of war has not all the luxuries of a drawing room on shore.

Your beds, bedding, and the like matter, you need not trouble yourself concerning, as Fitch, Brothers & Co can obtain them at Marseilles Presents, as you well remark, will be necessary in order to obtain you honors and ceremonious receptions—I should advise you to take with you watches, pistols diamond rings and gold snuff boxes as those sort of things are most acceptable As to wines, I have directed at this place one cask of sherry and one cask of Madeira; the champagne and other French wines which you mention will best come from Marseilles

I cannot at this time express to you the many minor affairs and little arrangements which we will talk over at our meeting I am gratified that you should allude to our long standing acquaintance,—such connexions should be remembered, and I hope that on the present occasion you will mix with me all the privileges of an old friend, in which relationship I stand towards yourself

Your travelling on board of a government ship will warrant you against the extensive herd of tourists, who chiefly belong to the lower classes of polite society, and you will meet with many gentlemen of a superior order, particularly Sir Howard Douglas, &c. Cetera. While at Athens last, I was visited by the King of Greece, at Tripoli by Ibrahim Pasha, and at Alexandria by Mehamet Ali from whom I received a sword in testimony of remembrance

The ladies perhaps will find occasional recreation in listening to the overtures and waltzes of an excellent band of musicians which I have attached to the ship With no personal acquaintance with any member of your family, I beg to be remembered to each in the kindest manner

I remain, dear General,
Very respectfully and truly yours
J. D. ELLIOTT.

P. S.—It will be necessary for you to write to Constantinople for a firman to pass the Dardanelles and leave a note to Athens

The Post cordially responds to the above—

ARRIVAL OF THE STEAMSHIP HIBERNIA, AT BOSTON.

The Markets.—Burning of an American ship, and terrible loss of life and property.—France unsettled.—Ireland quiet.

BOSTON, Sept. 8 A M

The steamship Hibernia Capt Ryrie, arrived at this port this morning Below I give you a summary of news brought by her

LIVERPOOL, CORN MARKET, Aug 26 1 P M

The morning being warm wet, there has been more life in the trade, but no change in the prices

Liverpool Cotton Market, Aug 25, 2 P M

There has been a fair business doing to day—Sales 6000 bales, 1000 American taken for export Prices are steady for all descriptions, at 4 1 8 for fair Uplands, 4 3-4 for New Orleans

Much anxiety has been felt in the grain trade owing to the prevalence of unfavorable weather and the accounts of the spread of the potato disease Although there are large arrivals from the continental ports and London, still the tendency of prices has been upwards And on Monday, at Mark Lane, wheat rose from 3s to 4s per quarter The best English white sold at from 67s to 68s per quarter United States and Canadian also brought 54s a 56s at the same Market Flour was also disposed of at enhanced terms The value of Canadian was 23s a 28s, and United States 24s a 30s per bbl

Holders of Indian corn acted firmly, and as there was a fair demand for shipment to Ireland prices generally were higher The current rates being 25s to 30s per quarter Indian Meal changed hands at 15s a 16s 6d per bbl, at Liverpool on the following day

On Thursday the market was well attended and for most descriptions of articles brought forward a good demand prevailed Wheat rose 4d to 6d per bushel, American and Canadian white sold at 9s 1 2d per bushel, and red at 8s 4d to 9s—The price of American Flour advanced 2s to 2s 6d per bbl, or less be ing able to realize 34s to 35s per barrel for Western Canal and Richmond, 34s to 36s for Philadelphia and Baltimore, 33s to 34s for New Orleans and Ohio, 34s to 35s for Canadian and an Corn supported the advance noted last week

Indian meal sold at 17s a 18s per bbl at the market held in London on Wednesday and yesterday The advance noticed above was fully held Bonded and floating cargoes of wheat were rather high

Money Markets

Consols have advanced, and are now 86 3 a 86 1 for money, and for time 86 1 a 86 1, the bank stock 196 a 198

Loss of the Ocean Monarch.

The Boston packet ship Ocean Monarch was burned at sea, with the loss of one hundred and forty eight lives, and one hundred and seventy other persons who were on board, are to be accounted for It occurred near the port of Liverpool, she was completely destroyed by fire causing a more frightful sacrifice of human life, and an enormous loss of valuable property

The Ocean Monarch left Liverpool, at an early hour on Thursday morning When about eight miles to the eastward of the Great Ormshead, the utmost consternation was produced by the unpleasant news that the ship was on fire, and scarcely had the alarm been given, when she was in a complete blaze Capt Murdock received the first intimation of the fire from the steward, who came to him, and said there was a great deal of heat coming up the ventilators The captain gave orders for the fire to be extinguished, but it was, alas too late The flames had begun to spread The captain attempted to put the ship up to the wind, so as to keep, if possible, the fire abaft, but he found that he could not accomplish this, and then immediately let go the two anchors From the great consternation the passengers were in, all control over them were gone They ran about as long as they could in all directions Every movable thing was thrown overboard to the unfortunate beings who had thrown themselves into the water, by which many were enabled to sustain themselves until assistance reached them

The vessel went down at 1 o clock Friday morning The cargo consisted of 200 bales and cases of fine goods, 220 crates earthern ware, and about 600 tons iron and dead weight

FRANCE

Much apprehension continues to be felt in reference to the probability of another outbreak in Paris The government has expressed itself opposed to all confiscation of the property of the Orleans family

IRELAND

Irish affairs have lost much of their interest, and now begin to be regarded with indifference, not only by the English people, but also by the government

The cry of famine is beginning to be heard in all parts of this country There are but poor hopes of sustaining the great bulk of the potatoe crop

ENGLAND

The chartists have created no further serious trouble in England or Scotland, by the constant and extensive discovery and seizure by the police of pikes, swords, powder, &c, proves the existence of a wide spread conspiracy Many leaders have been arrested

Total Destruction of the Catholic Church at South Boston.

At about half past twelve o'clock, on Friday night last, a fire was discovered bursting from the roof of the Catholic Church, situated on Broadway street, South Boston, in which the Rev Mr Fitzsimmons officiated The Boston Fire Department, which, at this time, were at work at a fire on Seal street, were promptly on hand, but unfortunately were not able to save this beautiful building from total destruction—Their efforts were, however, successful in arresting the further spread of the flames, though the Orthodox and Universalists Churches were in great danger, and narrowly escaped being burnt Indeed the former was at one time on fire in the belfry, but the flames were seasonably put out

The dwelling house of the Rev Mr Fitzsimmons, adjoining, took fire and was partially damaged, and the occupants of all the houses in the neighborhood had hard work to save them from catching fire. The burnt church was a substantial stone building, erected some five years ago Its entire cost was about $75,000, and its interior decoration was of the most elegant and costly description An Organ built by Appleton at an expense of $4500, and a beautiful Cross by Ball and Hughes, were burnt The vestments and other valuables were saved The Insurance, as we learn, is as follows: at the Lafayette office, $20,000; National, $10,000; New England $10,000. The Firemans' office had $3,100 on the Organ

A hat manufactory in Bedford was destroyed by fire on Friday last Loss $8000 Insurance $3,500. Two tanneries, sheds and standing room on Merlin's wharf, the street with the adjacent horses, a quantity of coal, &c. were also destroyed.—Boston paper.

Vermont Election.

The Boston Atlas of Saturday furnishes further returns of the Vermont Election. They continue good to the end That paper says—"We have returns of the election of 93 Whigs, 24 Cass, and 51 Van Buren men to the House The Whig majority in the house will not vary far from 25

We have elected a majority in the Senate—The vote is so close in Orange county that we cannot decide which 1 of Senators is elected If the Whigs have elected the Senator in Grand Isle county, which was Loco Foco last year—a gain, I the other counties there will probably be no change

In 124 towns heard from the Whig vote is only 170 less than last year, while the Loco foco vote has fallen off *one thousand!* The Whig plurality in these towns last year was only 2300, now it is about FOUR THOUSAND

☞ Engine Company No 6, returned from their visit to Boston and vicinity, in the steamer W S Pease on Saturday, highly gratified with their excursion

☞ The alarm of fire yesterday morning was caused by some coal taking fire in the room over Mr Palmer's Clothing Store, on Exchange Street. Damage trifling

Christ Healing the Sick.

This Picture by West, now on exhibition at the Market Hall, is highly spoken of by many of the best publications in the country, and will, we have no doubt, satisfy every visitor of its truthfulness The New York Christian advocate says—

"We would that we could but shadow forth in description this beautiful work of a mighty mind But the nature of the subject—the splendor of the scene, and the multitudes in any of the execution defy our every effort Those who would form an adequate idea must gaze long and dwell well upon it And it needs but one glance to reset the attention, and call from the heart by the concentrated gaze an evidence of sublimity and beauty

☞ Thanks to Messrs Cushing, Homan and Lowell of the steamer State of Maine, for papers received Saturday, in advance of the mail

☞ Thanks to Hedgman & Cos Express, and also to Capt Jewett, and the gentlemanly clerk of the Governor, Mr Crockett, for papers received Saturday

☞ Thanks to Jerome & Cos Express, for papers received Saturday, in advance of the mail

For the Whig and Courier

O, Breathe one Strain for me.

DEDICATED TO THE BANGOR AMATEUR QUARTETTE CLUB

Like silvery wings, across yon deep,
Soft rays of moonlight shimmer,
And sparkling gems, on Ocean's breast,
With fitful lustre gleam
The white sail courts the evening breeze—
Yon Bank, the murmuring Sea
Shall my heart those *unforgotten lays* —
O, breathe one strain for me!

The dewy night flower, sad and lone,
Like sorrowing spirit weeps,
And tremblingly the Love like vine,
Around my casement creeps
And shadowy spells are on my heart,
Like steals upon the sea—
I would, I were remembered still—
O breathe one strain for me!

Sweet, bursts the flow of rapturous song
Upon the stilly night —
And bright the Eglow on beauty's cheek,
That woos my dreamy sight—
And still, the lo'ed love-lit eyes,—
And gentle hearts and free,
Are round me, with their guiding spells—
O, breathe one strain for me!

Ist, the love of thronged halls—
Mid pleasure's scenes I roam—
Yet dearer far than all, to me,
The hour of song at home
Then, gently touch the breathing wire,
Let joy, all wistful and free!
I would I were remember'd still,
O, breathe one strain for me

☞ Appalling indeed would be the condition of the victim of Consumption were it not for the introduction of the Great English Remedy, Dr Buchan's Hungarian Balsam of Life This has cured, and will cure, the most hopeless of cases.

From Allison & Gault, Concord, N H In the whole list of remedies for diseases of the Lungs, nothing stands the test like the Hungarian Balsam It is spoken of in the highest terms by men of standing in the place

Yours respectfully, ALLISON & GAULT

Pamphlets respecting this great English Remedy may be had gratis of DAVID BUGBEE and G. W LADD, only agents in Bangor Sawdaw-tf-ll

PROCRASTINATION IS THE THIEF OF TIME.

Delay is dangerous—neglect that cold and cough a few weeks, and the hope of recovering will be lost to you forever Let not any pecuniary consideration deter you from trying to save your life and health while there is a chance Consumption is gaining by sweeping off thousands to the tomb no disease has baffled it still of the physician like it, no physician, perhaps, has ever done more for this large class of suffering humanity than Dr Wistar's Balsam of Wild Cherry—take it, get another if necessary, persevere in using it until you have removed the disease entirely, which if neglected will terminate in your life. Be not deceived by quacks with their imitations and counterfeits, buy none but the genuine and original, which is signed I BUTTS on the wrapper

NEVER DESPAIR.

Philadelphia, July 26, 1846

TO THE PUBLIC —I certify that before my remembrance I became afflicted with what the Physicians called *Scrofula* It made its first appearance by pain and swelling of the joint in—more especially of my ankles knees, wrists and elbows, after which the glands of the throat and neck became inflamed and swelled, attended with most excruciating pains I was often confined entirely to my bed, and for weeks together could not move my neck or turn my head Several physicians attended me at different times—but they did not appear to do me any good

About a year ago I was attacked with vomiting, which continued every few minutes all one night The next day an eruption appeared on the side of my neck, which soon spread over my neck head and face with inflamed matter of my eyes and cheeks which destroyed my eyesight and cause the hair to fall from off my head and the disease spread all over me, my limbs were one entire scab I could not bend my hands or arms without causing the skin to crack open when the blood would run out. Some of my fingers came off In short, I was unable to get my own living and in that condition I called upon Dr Jayne in order that he might undertake my case He directed me to take the *Alterative* three times a day, and the *Sanative Pills* as often as I should find it necessary I have now taken his Alteratives four months, and am most happy to say that it has entirely cured me

It has been before the public for more than six teen years, and upon the first article made to the public as an immediate and perfect remedy for these complaints It has been thoroughly tested in every country and every climate and its effects has every where proved the same—SURE TO CURE, even when the disease has advanced to the last stage the public may rest assured that it contains neither opium or mineral substances or any thing that is the least injurious to the constitution

Cholera and Common Cholera Morbus

This Cordial immediately checks the vomiting relieves the pain stops the Diarrhœa and restores the bowels to a perfectly regular and healthy state however severe in attack may be or however low the patient may have become it invariably restores

Severest cases of Dysentery,

are immediately counteracted the pains are allayed the bowels healed and not infrequently the bowels become perfectly regulated and restored in the short space of one or twelve hours

Chronic Diarrhœa,

either in children or adults of months or years continuance, are most rapidly cured with this Cordial notwithstanding they may be reduced to a mere skeleton, it immediately strengthens, and shortly restores them to perfect health

Cholera Infantum.

It has saved the lives of many thousand children when reduced to death's door by this complaint, it gives them instant relief, and they very soon recover

Sea Sickness.

It is a most pleasant and delectable remedy for Sea Sickness. It checks the vomiting and readily restores the patient to its accustomed feelings from any cause whatever

Children that are Teething,

if inclined to Diarrhœa, should always be provided with this magic drug, as it will keep the bowels regulated and keep off the Canker It is wholesome, safe and pleasant to the taste, and children are fond of it and will take it without trouble or dislike

For General Debility and Dyspepsia.

It is a most excellent restorative giving a healthy tone to both the stomach and bowels and prevents food from pressing or disturbing the stomach

OFFICE OF THE COLUMBIA DEMOCRAT,
Bloomsburg Columbia Co Pa
March 4 1848

Dr Wilbur Wright—Dear Sir—I am one of the many whose version to quick motions has driven off disease with the sole resulting from the use of your medicines. Acting under that influence I have so done right and to the full box. I last March when you commenced advertising my paper, I was induced to give your Indian Vegetable Pills a trial, as I take having fairly tried all the merits for ages sell and family have shown a decided preference to every species of quackery and imposition.

In a recent instance which I will deal with a sick friend of mine who was a stream of life was encumbered with troubled summer I found speedy relief from the use of your Pills By taking from four to six on going to bed, when indisposed, I have always been rewarded with health. By taking from four to six on going to bed, when indisposed, I have always been rewarded with health, without loss of time and without the confinement of a physician's Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually without disturbing the rest of the patient and in no case without producing even sickness at the stomach

Respectfully your friend &c
JEHIEL TATE

[From the Delaware Express Delhi N Y]

WRIGHT'S INDIAN VEGETABLE PILLS—Although not particularly friendly to patent medicines we might confess that we have become a convert to these pills having had an opportunity on one or two occasions to test their efficacy For a gentle medicine one or two will be found mild though efficacious. *We have but to* often impromptu have occasion to use them and since thorough medicine is required a dose or three or four of these pills taken on going to bed will be found effectual in cleansing the stomach and restoring the bowels to a healthy state We speak from experience, and take pleasure in commending the pills to the public

Look out for Counterfeits!

Some are coated with sugar, others are made to resemble in outer appearance the original article. The safest course is to purchase from the agent, as only one or more of whom will be found in every town and county in the State

The Pills may be had of have been established for the sale of Wright's Indian Vegetable Pills in *Bangor—*

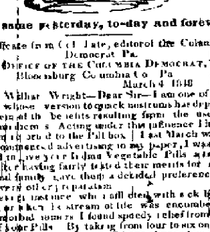
M'Alister's All-Healing Ointment.



While the Ointment is rubbing in the chest and warmed into the feet, it not only acts upon the organs of the chest, but the whole nervous system feels its influence. It moves along on the blood and will find its way to the liver lungs stomach and brain imparting increased energy to the organs where it is necessary and carries off impurity or humor that may be lodged there and expels it to the surface. Its effects are very rapidly and certainly with which it cures a rheumatism, coughs and fever and consumption A so headache, agues, consumption and spinal diseases

Its first action is to open the pores of the flesh impart tone and nervous energy to the skin, and then penetrate to any part of the internal viscera, and expel disease and impurities from the system. It performs precisely in sickness what nature per forms for herself in health having the full use of every function of the body.

It is the power which enables the ointment to sweep off all cutaneous eruptions skin diseases of every nature, also to subdue all inflammations, fevers and all bowel complaints—in short, by keeping the pores of the skin open and preserving health and nervous energy to all the organs of the body

THE GREAT ENGLISH REMEDY FOR *COLDS, COUGHS, ASTHMA and CONSUMPTION*

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pulmonary Diseases still stands unrivalled and unsurpassed as the most elegant, agreeable, and effectual curative of those formidable complaints, now known to the civilized world

Three years tone of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to extend its pre eminent claims in the affections of the country, as the great antidote to pulmonary diseases in the worst cases of Pulmonary consumption and the most inveterate coughs and colds, all the rapid forms of colds, cough and inflammations that can pass the throat

INCONTESTIBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption

IMPORTANT MEDICAL TESTIMONY

Dr. Bradley—Dear Sir—The Hungarian Balsam is beyond all question a most perfect and admirable preparation for pulmonary complaints and I am happy to say it is daily by professional practice & more than its claims to the most confirmed consumptive cases, I have never known it fail to relieve the most distressing cases of Pulmonary consumption when used according to your directions, and in the most confirmed cases it only quickens the blood and invigorates the system Indeed this medicine is invaluable for all the diseases of the throat and lungs

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

From the Christian Examiner

While we can indorse no quackery we are always pleased to give credit to that which is truly useful, and to give publicity to whatever may benefit mankind. A few months ago one of our friends, Mr. Horsey, became quite ill at office in comfortable health whom we did not expect to see again on earth We recorded the fact a few weeks since from another brother resident in the house with him saying that he was confined to his bed and ill and probably continued in a short time Judge then of our surprise when we saw him enter our office He has a slight cough remaining, as it would be unnatural that he should have, until he had fairly returned for acquiring strength of lungs But he is as much out of bed health as ever. The following letter which he addresses to the general Boston Agent for this valuable remedy has truth red him so wonderfully well does what no human has been the instrument of in the hands of

Boston, Feb 25, 1847

Dr D F Bradley—Sir—I cannot refrain from any longer not to you in commendation of Buchan's Hungarian Balsam of Life Hence is a plain statement of facts relating to my case and of the use of your remedy in inducing the sick to seek relief at the source from whence I obtained it, I shall be thankful

My residence is Norway, Me. Three years ago last fall I took a violent cold which left a cough of the most aggravated kind accompanied by a severe pain in the left side. I had become so ill feeble that I was old get to quit all work and was confined to the house and to bed I had used a number of the most famous remedies for that complaint, and had tried nearly all the medicines which are recommended for a cough but could find no relief. My case grew worse and for the last three weeks was confined to my bed Two of my physicians gave up as past recovery Had fortune would have it that I was told of the Hungarian Balsam, and immediately procured a bottle Then gave me immediate relief, I took bottles have broken up my cough, and restored me to a condition to resume, with advancing health, my usual occupation

BP WISE TO DAY

Delaying any case of Consumption two months is an absolutely fatal one for all ordinary tests are Buchan Hungarian Balsam is a great ANTIDOTE and CURATIVE If you have any symptoms above described, be advised in time

Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA,

Healer and Blessing of the Age.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Sarsaparilla put up in Glass Bottles—is six times stronger, pleasanter and surer as a purifier to any cold by the bottle or dozen, than any Sarsaparilla or Extract of Sarsaparilla in Market

The good Lady in Lisbon, Otsego county, Dr. Townsend's Sarsaparilla is the remedy for all other complaints it is recommended to cleanse the blood, and by such it is one of the very best *SPRING AND SUMMER MEDICINES* ever known, it is said to purify the whole system and strengthen the person Let *no sores rest, pure and rich blood* be your motto and the best almost sure to follow Any one taking this medicine according to directions, in the spring, will escape all the shaking fevers, and other diseases that can pass through the system during the summer and autumn

10 000 *CASES OF OPTHALMIA CURED.*

WHAT DO MEN KNOW ENERGY.

Dr Townsend's Sarsaparilla invigorates the whole system harmoniously—by its power it purifies the blood, it is not an effusion of medicine or indirect stimulus committed to youth, for its cooling virtue is diffused throughout the whole system, and through it the nervous system receives strength and vigor, and by its use all the functions of the body are regulated, and the health restored. Its operations may be perceptible, but the lasting and speedy cure is certain. Its operations may be perceptible, but the lasting and speedy cure is certain. Its operations may be perceptible, but the lasting and speedy cure is certain.

GREAT BLESSING TO MOTHERS AND CHILDREN

This has been and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered It is to those both the mother and child great blessing and comfort, none can understand who have not used it. Those who have used it think it is indispensable. It is highly useful both before and after confinement as it prevents diseases attendant upon childbirth—as Sore Breasts, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Limbs, False Pains, Hemorrhage, &c. and in regulating the secretions and organs to the circulation it has a special The great benefit of this medicine is, it is always safe to take, and there is always at least enough to secure any other medicine—I mean a little Castor Oil or the like may be needful. Let the sick but use the right food with this medicine, and always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, high colors, and all preparations generally in use, when applied to the face very soon expel it of its beauty The glow the purest of the heart, and check its circulation, when nature is most thwarted by disease as powder, or the skin increase by the skin time used to mask, unnatural its own color and in the human face divine, when nature is the garden of rich and delicately tinted and variegated flowers, roses and healthy prospects of the cheeks or the mantling of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty, and that which imparts to the inscribable shades and finishes of loveliness that no pencil can describe This beauty is the offspring of health—out of possession of no one can be put & no earthly care attain, there is no beauty in the lady in fair as driven snow, if she paints at the same time and the blood is thin, cold and impure, she is not beautiful That she knows or ye love, and there is no paint for the cheek, or rich blood to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired Ladies in the north who take but little exercise or are confined to sedentary employments, should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd around it daily

NOTICE TO THE LADIES.

Though that lustre Dr Townsend's Sarsaparilla gives to the faded beauty seldom fails, already has their staff, cheeks, &c., and have copied our bills and circulars which relate to the complexion of women, word for word—other see who put up medicine to have, since the great success of Dr Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although they quite they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

The Certificate published by proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood Three persons cured in one house

Dr Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine—They were afflicted very severely with bad sores, have taken only four bottles, it took them away, for which I feel myself under great obligation Yours respectfully,

ISAAC W CRAIN 106 Wooster st
